

Your home inspection is our  
**opportunity to shine.**

We are committed to raising the standards of your home inspection.  
That's why we offer **FREE RecallCheks** for your home appliances with every inspection we do.

**RecallChek** is the first service for consumer recalls in the United States and has compiled over 205 million recalls from public records, to create a fail-safe system to check for dangerous flaws with home appliances.

If a manufacturer designs a dangerous product, they **MUST** recall that item and fix it free of charge! RecallChek will provide the information to resolve any potential recall issues promptly.

### How it works:

- ✓ Your home inspector records the model numbers of your built-in home appliances and HVAC systems.
- ✓ The Model Number Algorithm (MNA) matches your appliances against the RecallChek database of recalled items.
- ✓ RecallChek issues a report, separate from the home inspection report. This report is emailed directly to you.
- ✓ This service is intended to provide homeowners with valuable information on how to receive **FREE** repairs from manufacturers in the event a recalled appliance is found. This service is not meant to be used in the inspection response process.

**RecallChek** 

A service provided by Residential Warranty Services

**If a manufacturer designs a dangerous product, they  
MUST recall that item and fix it *free of charge!***

**You made the right choice by getting a home inspection that includes a RecallChek.**

We find one recalled appliance for every ten homes we inspect- which means other inspectors are missing potentially dangerous fire hazards frequently. If you know someone who is in the process of purchasing a home, please pass our name on so we can take care of them as well.

*Thanks again for booking your inspection with us.*

If you don't receive your report or if you have any questions please call 1-800-544-8156 or email us at [reports@recallchek.com](mailto:reports@recallchek.com)
